

Area Estimator

Map Scale	Square Miles	Square Kilometers	Acres
1:20,000	0.0069	0.0180	4.4444
1:24,000	0.0100	0.0259	6.4000
1:25,000	0.0109	0.0281	6.9444
1:50,000	0.0434	0.1124	27.777
1:62,500	0.0678	0.1756	43.403
1:100,000	0.1736	0.4497	111.11

Instructions For Use

1. Count the number of dots within the area to be measured.
2. Find the multiplier that corresponds to the map scale, and the desired units.
3. Multiply the number of dots counted by the multiplier.
